About AUTMHQ

HOW IT ALL STARTED

Austin Urban Technology Movement (AUTMHQ) was established in 2016 and incorporated as a 501c3 nonprofit tech startup in 2020.

Over the years, AUTMHQ has been bridging the gap between the Black and Hispanic communities and the technology industry, while also leading diversity, equality, and inclusion initiatives in technology.

SOMETHING TO THINK ABOUT

We, the People, recognize that we have responsibilities as well as rights; that our destinies are bound together; that a freedom which only asks what's in it for me, freedom without a commitment to others, freedom without love or charity or duty or patriotism, is unworthy of our founding ideals, and those who died in their defense.
